SINCE 1980

# The GROUP

A. Daga Steel & Industrial Corporation, India is a division of 55 year old A. Daga Group, which has diversified into various businesses. The organization ventured into manufacturing & supplying of Election Essentials in 1980.

Catering to the largest Democracy in the World - 'India', which has the most complex structure of conducting elections, requires a lot of skill and precision. A. Daga Steel & Industrial Corporation has a reputation of being the oldest, largest & most trusted manufacturer & supplier of Election Products to the Election Commission of India.

The organization has unique expertise in the manufacturing and supplying of Ballot Boxes, Indelible Ink, Voting Screen, Polling Booth and a wide range of Election Essentials.

With consistent supply patterns and strict quality control, the organization has accomplished every order, on time. Therefore, it is the most reputed and preferred Government supplier for the election products that keeps the secrecy, secret.

The Ballot Boxes are used for Parliamentary, Legislative Assembly, Municipal Corporation, Municipality and Panchayat (A Village Council in India) Elections. The organization is the supplier to all the States and Union Territories of India.

A. Daga Group believes in building long term relationships. It has maintained highest standards and has built a strong bond by delivering precise election solutions, since 1980.

# The LEGACY

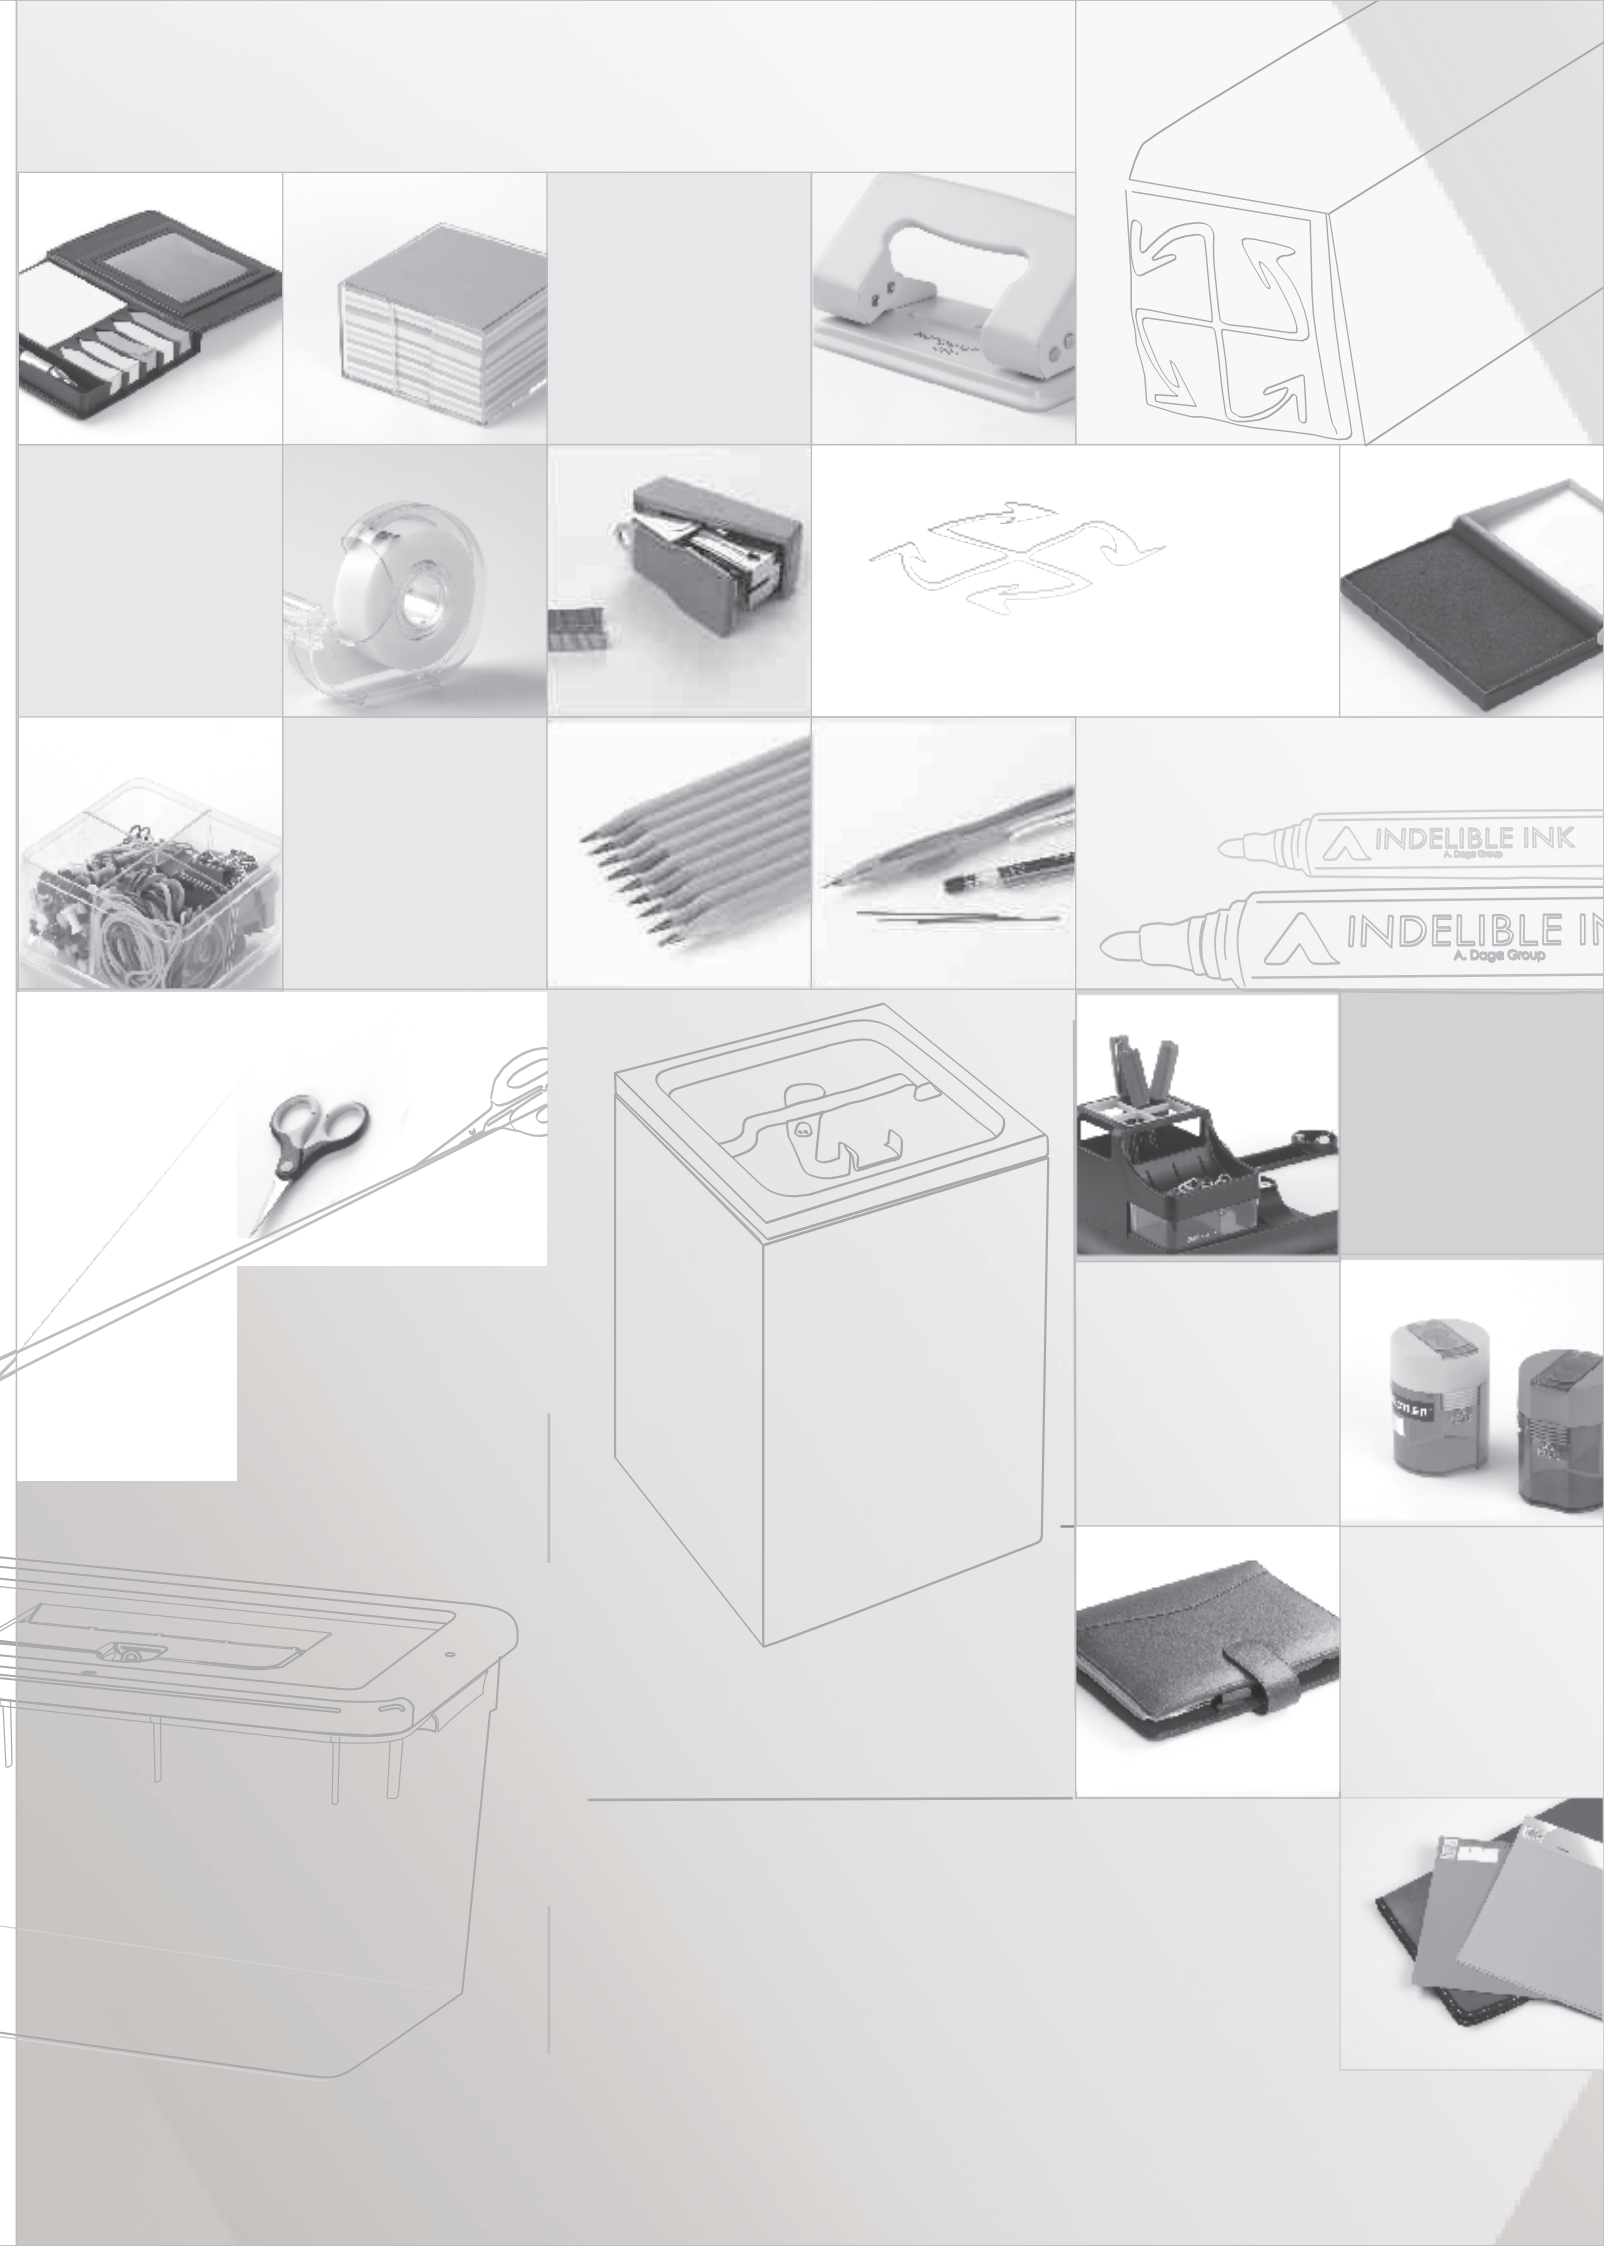

A. Daga Group was set up by Late Mr. Umrao Chand Daga in 1961. He embarked on a journey to become an entrepreneur, who believed in making tangible contributions in developing the Nation, through his innovative ideas, products & solutions. He laid a firm foundation for the group that believed in quality and time. His business acumen led him to step into manufacturing of various products for Domestic and International Markets. This included the manufacturing of Steel & Wooden Furniture, manufacturing of Desert Coolers (cooling units), Iron Chests, Electrical Panels and Surgical Equipments.

The increasing demands for these products were soon backed by ample orders from the Indian Government. This facilitated rapid and steady expansion of the A. Daga Group.

# The PRODUCT RANGE

To meet the ever growing requirements in both National and International Markets, A. Daga Steel & Industrial Corporation has an in-house Research & Development wing that designs, develops and upgrades all their products, consistently. For quality maintenance and assurance all the products go through stringent and rigorous tests before they are delivered.

The organization is capable of manufacturing and supplying bulk orders within stipulated time frame.

# The CREDENTIALS

Timely delivery is a prerequisite for Election Essentials, which our organization has mastered effectively and efficiently through specialized manufacturing techniques. Undertaking and successfully completing numerous challenging orders has developed trust and enhanced the goodwill of A. Daga Steel & Industrial Corporation, worldwide.

1980

In 1980 the Chief Electoral Officer, Rajasthan, appointed by the Election Commission of India selected A. Daga Group for the challenging task to repair and deliver 100,000 Ballot Boxes, at a very short notice. This mammoth task was successfully completed, in 21 days.

1980

Thousands of Ballot Boxes were required at the Eleventh Hour for the 7th Lok Sabha General Elections, 1980. This Election was possible only because of the delivery of Ballot Boxes by A. Daga Steel & Industrial Corporation.

1989-1991

During General Elections 1989-1991 the organization supplied more than 150,000 Ballot Boxes to almost all the States of India.

1996

Conducting Elections in the World's Largest Democracy sometimes results in the most peculiar situations and requires creative solutions. During 1996 Assembly Elections, Tamil Nadu, Modakurichi assembly constituency had more than 1,000 contestants. This required a Ballot Box that could take in Ballot Book of 70 pages each. Daga Jumbo Ballot Boxes were specially designed to meet the need of the hour and hence resulted in smooth election process.

1998

In 1998, the organization manufactured & supplied 50,000 Ballot Boxes to the Office of the Chief Electoral Officer, Gujarat, India, within 27 days, according to the quality and specifications of the Election Commission. These Ballot Boxes were urgently supplied due to the simultaneous Parliamentary and Assembly Elections held in February, 1998.

1999

In 1999, the Election Commission of India, authenticated 220,000 of Ballot Boxes for Elections to be conducted in Bihar, India. The organization designed an expert operation with a team of 400 technically qualified people who covered every Tehsil (an Administrative Division in India) Headquarter of Bihar and completed this massive task successfully.

1990-2002

In 1990 & 2002 The Election Commission of India ordered more than 62,000 Ballot Boxes for the Royal Nepalese Government and Election Commission of Nepal which was swiftly executed by A. Daga Group under the instructions of Ministry of External Affairs, Government of India.

2015

The Department of Elections, Sri Lanka, directly placed an order to deliver Ballot Boxes for their General Elections, 2015. This order was completed within a short span of time.

2016

We were entrusted to deliver multiple election material within a very narrow timeline by The Election Commission Secretariat, Guyana. The execution was not only done much before the committed time, but the quality and excellence in designing the material was as per the expectations of the Commission and their team.

# The CERTIFICATES OF APPRECIATION

As a reward for our excellence in consistency and delivery, the organization has received numerous accolades from various Election bodies within India and rest of the World. We are mentioning a few in the following pages.

## Thank You

The Guyana Elections Commission wishes to express our heartfelt gratitude to you and your company for the delivery of materials procured so as to ensure the smooth conduct of our Local Government Elections

We especially would like to express our satisfaction with the quality of materials supplied, and the timeliness in your ability to deliver upon schedule.

We are very much looking forward for future engagement that our agencies would have, so as to build upon the relationship we have established.

It was indeed a pleasure working with a professional business organization like yours.

With kind regards.

TO WHOM IT MAY CONCERN

The Plastic Ballot Boxes supplied by M/S A. Daga Group, are used by the Department of Elections, Sri Lanka.

Initially these ballot boxes were used for the Provincial Councils Elections in the Northern, North Western and Central Provinces conducted in 2013, at a trial basis.

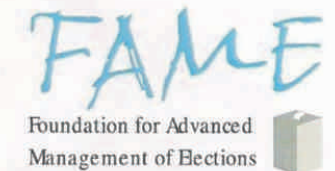

The containers of plastic ballot boxes are made using high quality polypropylene and the lid is made of ABS material. **The ballot boxes exceed our specifications as they were manufactured according to International Standards and specifications.** As the trial use of these ballot boxes had been quite successful, subsequent orders were placed to replace the wooden ballot boxes that were used by the Department of Elections. **The ballot boxes supplied by A.Daga Group are widely used at the Elections for Local Authorities, Provincial Councils, Parliamentary and Presidential Elections conducted in Sri Lanka, from 2013 onwards.**

There are several advantages of using this product. It is light in weight, durable. It uses very less space. It is a maintenance free product with a lot of safety and security features and moreover, **Daga Group has been quite efficient in delivering the products at the shortest notice.**

Mahinda Deshapriya  
Commissioner of Elections

MAHINDA DESHAPRIYA  
Commissioner of Elections  
Department of Elections  
Rajagiriya,  
Sri Lanka

J. M. LYNGDOH  
Chairman, FAME  
and  
Former Chief Election Commissioner of India

Date: 6<sup>th</sup> May 2016.

M/s A. Daga Steel & Industrial Corporation, Jaipur, Rajasthan, India was the approved manufacture and supplier of Ballot Boxes for The Election Commission of India from 1988. **These boxes have invariably been of impeccable quality and have withstood the rigors of The Himalayas and the Bay of Bengal and Arabian Sea. And supplies have always been on time.**

The Election Commission of India, which conducts only Parliamentary and State Assembly Elections, decided during my term of office as Chief Election Commissioner (14<sup>th</sup> June 2001 – 7<sup>th</sup> February 2004) to upgrade technology to the Electronic Voting Machine.

But **M/s A. Daga Steel & Industrial Corporation's boxes continue to serve most satisfactorily** for local bodies elections, which are handled by other authorities.

Subject: Request for Supply and Delivery of Ballot Boxes

The process of getting approval and concurrence from all concerned agencies for procuring 20 thousand ballot boxes to the Election Commission, Nepal has been completed and I am pleased to hereby place a confirmed order to you for supply and delivery of 20,000 ballot boxes measuring 470 mm X 250 mm X 335 mm. As we are nearing for the election we are not in a position to provide more than 6 weeks time for the delivery of the ballot boxes. We are prepared to send the cost of ballot boxes as per your Proforma Invoice dated June 17, 2012, so I would like to request you for keeping the consignment ready to send to us in different four destinations close to Nepal-India border. As in the past we will inform you the quantity for each destination where you will have to send the ballot boxes.

Thanking you,

Sincerely yours,

(B.P. Singh)

Dept. of Revenue & Industries  
XXXXXXXXXX  
Jaliscoo Jnscapoo & Jnscapoo  
Jaipur

TO WHOMSOEVER IT MAY CONCERN.

Jaipur, January 31, 1992

M/S Daga Steels, Jaipur were one of the three suppliers approved by the Election Commission of India for manufacture of ballot boxes. The suddenness with which the work concerning 1989 General Elections picked up created genuine problem of supply of ballot boxes. I am, however, happy to record that M/s Daga Steels not only supplied a very large number of ballot boxes to us but also to many other States. During General Elections 1989 and 1991 they supplied more than 1.5 lakhs of ballot boxes to various States in the Country. During this period they have also supplied about 20,000 ballot boxes to the Government of Nepal. Despite the pressure under which they worked there has not been any serious complaint about the quality of the work relating to these supplies.

They have brought good name to Rajasthan. I hope that they will continue to manufacture quality items in whatever field they enter.

  
(GOVIND JEE MISRA)  
Chief Electoral Officer.

GOVERNMENT OF RAJASTHAN  
(Election Department)

This is to certify that on the eve of 7th Lok Sabha General Elections, 1980 held in the month of March, 1980, we fell short of about three thousand ballot boxes at the eleventh hour for Sikar and Jhunjhunu Districts. To solve this ticklish problem, M/s. A.Daga Steel and Industrial Corporation, M.I.Road, Jaipur came to our rescue and they made all these ballot boxes in a perfect working condition over night at S.M.S.Stadium, Jaipur. For want of these ballot boxes it was rather impossible to hold Lok Sabha General Elections. This marvellous effort on the part of the said party was really praiseworthy.

  
(H.C. Pande)  
Chief Electoral Officer,  
Rajasthan, Jaipur.  
मुख्य निर्वाचन अधिकारी  
राजस्थान, जयपुर।

GOVERNMENT OF RAJASTHAN  
(Election Department)

This is to certify that on the eve of 7th Vidhan Sabha General Elections 1980, about **one lac ballot boxes** of Election Department for whole of Rajasthan, were as per contract entered into, repaired by M/s. A.Daga Steel & Industrial Corporation, Jaipur in **April, 1980**, in the **shortest possible time** of about a month which led to smooth conduct of poll in the State. To have completed this job most satisfactorily at such a short notice **this firm deserves all praise.** Their factory is well equipped for repairs of ballot boxes and **they can be relied upon for any such job of great responsibility.**

I wish them a bright future.

  
(H.C. Pande)  
Chief Electoral Officer,  
Rajasthan, Jaipur.  
मुख्य निर्वाचन अधिकारी,  
राजस्थान, जयपुर।

# The CORPORATE SOCIAL RESPONSIBILITY

## SOCIAL

'Giving back to the society' – is one of the core ethics of A. Daga Group. Carrying forward this endeavor, in 1998, a Primary School was set up in Pali, Rajasthan, which was subsequently handed over to the Government of Rajasthan, India. The School was upgraded to Junior College in 2008. Till date, more than 12,900 students have been imparted education.

## ENVIRONMENTAL

All the Manufacturing Plants of the organization strictly comply with Ethical Environmental Practices. The organization respects and accepts the responsibilities towards nature and takes all necessary actions to restore by planting new trees and maintaining them on a regular basis.

The investment in harnessing wind energy by setting up a Windmill Power Project is another step towards a clean and green environment.

In this process the organization generates Carbon Credits in accordance with international treaties meeting world-class standards towards environmental responsibilities.

From left to right: Mr. Rajendra Daga • Mr. Prashan Chand Daga • Mr. Kishan Chand Daga.

## The PEOPLE BEHIND

Mr. Prashan Chand Daga has built the brand further through his sheer dedication, hard work and has carried the Legacy and core business ethics laid down by his father, Late Mr. Umrao Chand Daga. He has made a conscious effort to understand, implement and improve his innovative business strategies, which has established several milestones, leading towards continuous growth of the Group.

Mr. Kishan Chand Daga, the younger son of Late Mr. Umrao Chand Daga, has been learning and earning since he was just sixteen years old. He has a passion for Research & Development and possesses an in-depth practical knowledge of all the processes and techniques of the products being manufactured. He has contributed in creating a remarkable name for the Group in the National Market and has also laid the foundation for a Global Presence.

Mr. Rajendra Daga, son of Mr. Prashan Chand Daga, contributes a fresh, young and dynamic energy to the organization. Having enhanced entrepreneurial skills, added with his extensive traveling, he has opened several new and innovative avenues for the organization. Graduated from Ohio State University (USA), with specialization in Marketing was the initial step towards understanding the International Business. His vision is to expand the Group's presence in various businesses.

'One Team' - The organization possesses a team of highly skilled technicians and expert management. Every department within the organization portrays a professional outlook that helps in delivering consistent perfection for all the projects that the organization undertakes. Efficient human resource required for proficiency which is taken through active coordination and cooperation at A. Daga Group.

“Our Unlimited Election Essentials are made with The Will of Steel and that is the reason we leave behind The Mark Of Trust on the minds of our associates, forever”.

- Prashan Chand Daga, Chairman
